

## URBAN RENEWAL PROSPECTS 'VERY GOOD' SAYS AGREEABLE SMITH

'Prospects for the Urban Renewal Project in Wilmington are very good', William Agreeable Smith, Wilmington Housing Authority Chairman, declared Wednesday morning. Smith made his statement after the Tuesday visit to New York of James P. Donahue, Authority member and James W. Franklin, Executive Director of the Urban Renewal Project.

Mr. Franklin, accompanied by Mr. Donahue filed in the Region One office of the Housing and Home Finance Agency, Tuesday morning, the 'Final Project Plan Report: Part 1, Application for Loan and Grant', for the Wilmington Center Urban Renewal Massachusetts R-12 project.

Smith related that the Federal Government felt that the

progress that had been made as evidenced by the report indicated that the prospects for an Urban Renewal Project in Wilmington were very good.

The 'Final Project Plan' as submitted will now be reviewed by the Region One office of the H.H.F.A. Upon their review and approval the plan will be returned to the Town of Wilmington for public hearings and local approval.

### 70,000 Feet Shopping

Briefly the plan as conceived provides for a commercial reuse of the land. Including the businesses that are to be retained there is tentatively planned, in accordance with a market study, that there could be a total of 70,000 square feet of shopping area, a new

postoffice and other commercial uses in addition to providing for a small amount of land for possible municipal use.

The completed plan includes provisions for financial assistance and relocation of residents of the area, recommendations on engineering as to drainage, streets, utilities and the financial estimates of the project costs.

On the matter of project costs, Smith pointed out that the Federal Government has made two or three suggestions as to the figures submitted, and pending the return from the Federal Government there will be no announcement as to the total project costs.

### SCIENCE FAIR WINNERS

John Tobey, center, first prize winner of the High School Science Fair, is flanked by the other winners.

From left: Jon Meads, fifth prize; Roger Lucken, third prize; Tobey, Peter Neilson, second prize; and Nancy Allen, fourth prize.

## JOHN COLLINS RESIGNS

John J. Collins, Superintendent of Schools, last night submitted his resignation to the Wilmington School Committee. The resignation was accepted with regret, and is to take effect on July 1, 1960.

Collins, who has been Superintendent of Schools of Wilmington since 1954, is accepting a similar position in the city of Goshen, New York, a city about 12 miles west of White Plains.

### ROBERT YOUNG TO BE TRANSFERRED TO PEARL HARBOR

Robert J. Young, son of Mr. & Mrs. George L. Young, of 430 Middlesex Ave. will leave for Pearl Harbor in early summer where he will serve as personal secretary to the Force Medical Officer on the staff of the Commander of our Pacific Submarine Force. Robert, who is married to the former Florence Cummings just returned to his San Diego, Cal. home after a six month Pacific tour of duty aboard the U.S.S. Catfish.

### REAL ESTATE DEVELOPMENT PLANS NOT TO BE FILED WITH TOWN CLERK

The Planning Board, Tuesday evening, voted to request the Town Clerk to 'refrain from accepting' development plans for real estate projects in Wilmington, but instead to instruct the would-be developers to bring their plans to a Planning Board meeting.

The request was made because under the law the Planning Board must act on a plan within 45 days of its acceptance, and if the Town Clerk should accept a plan the day after a Planning Board meeting nearly two weeks would elapse before the Planning Board would see it.

### CHOATE HOSPITAL ANNOUNCES \$330,000 EXPANSION PLAN Details of Improved and Enlarged Facilities

Details of the first step in a long-range expansion and modernization program for Choate Memorial Hospital, aimed ultimately at creating practically a new hospital, were outlined for nearly 200 members of the hospital family and invited guests at a dinner meeting in the Woburn Country Club March 30th.

Planned for the near future is a new top floor on the hospital's 1952 wing, plus some remodelling of other parts of the hospital and the addition of a substantial amount of new equipment.

The cost of the project has been estimated at \$330,000, part of which will be defrayed by a Federal grant of \$80,000. The March 30th meeting marked the beginning of a campaign to raise the rest of the money in Woburn, Wilmington, Burlington and contiguous towns, with the goal set for \$250,000.

The hospital, in 1959, had one third more patients than in 1954, and twice as many emergency patients, and a 50% increase in major operations.

### THE BOOKMOBILE

The Bookmobile will call at Silver Lake Tuesday, April 12, at 2:45 p.m.

### TERRIFIC FIGHTERS IN WILMINGTON HIGH SCHOOL

Wilmington sports fans were treated to an excellent exhibition of boxing, last Thursday in Wilmington High School, as youngsters vied for their chances in the finals of this weekend.

One between Danny Rheume and Jack Winters, in the 100 pound class was outstanding, with Rheume the winner. In the 160 pound class Phil Kavanaugh and Dave Huston put on a terrific show, while another real classy fighter was Jimmy Melzar.

The quarter finals will be in the High School Friday night, and the semi and finals Saturday evening.

### SCHOOL COMMITTEE NOT IN FAVOR OF HOT AIR HEAT

The Wilmington School Committee, unanimously expressed itself last night as not being in favor of the 'hot air' type of heating for Wilmington's public schools.

The vote was brought up because of the high electrical costs in the Glen Road school, and was an expression of opinion relative to the Boutwell School, now building.

### GUS WALKER RE-ELECTED BOARD OF HEALTH CHAIRMAN

Augustus C. Walker, Burlington Avenue, was re-elected Chairman of the Wilmington Board of Health, Monday night.

## PLANNING BOARD WANTS MORE WILMINGTON SQUARE PARKING

On the suggestion of Joseph J. Slater of the Planning Board the Board has voted to send a letter to the Town Manager requesting that he survey the needs for additional parking space in Wilmington Square.

Slater has pointed out that some of the parking area behind the Church Street hard-

ware will be eliminated because of new construction.

The Town Manager will have as suggestions from the Planning Board the use of either land of Stop and Shop, between Main and Church Streets, or the McGee property, on the Burlington Avenue side of the B&M.R.

Size \$1.00. Include 25 cents to cover mailing costs.

Entered as Second-Class Matter at the  
Wilmington Mass. Postoffice.

## WE HOPE HE DOES AS WELL ELSEWHERE

Ventura Canalas, of MacDonald Road, the  
gentleman who has had the garbage collection  
contract in Wilmington for the past few years  
is nearing the end of his present contract and  
will soon be replaced by another contractor.

Ventura was underbid by the sum of \$3300  
this year, for the garbage collection of Wil-  
mington. We are sorry to have had him lose the  
bid, because the service he has rendered to  
Wilmington has been of a high quality.

We hope and trust that Mr. Canalas will be  
able to win contracts elsewhere. He has always  
been a fine gentleman, and we would hate to see  
him hurt because of the loss of his contract.

## CHOATE MEMORIAL HOSPITAL

Wilmington is a town without an hospital. It  
is admittedly difficult to exactly say which of  
the out of town hospitals are used most by our  
residents, but we have guessed that perhaps 25%  
of our people go to the Lowell Hospitals, an-  
other 25% to the Winchester Hospital, and per-  
haps a little under 25% to the Choate Memorial  
Hospital in Woburn, with the remainder going to  
other places.

One fact is certain. A lot of people from  
Wilmington owe their health, and perhaps their  
lives to the nearness of the Choate Memorial  
Hospital. It has served this town well for  
years, and will for many years to come.

Now the hospital seeks to expand, not from  
desire, but from necessity, and it is seeking  
donations for this purpose. We in Wilmington  
should not hold back, just because it is a "Wo-  
burn" hospital. It is a part of our life, and  
deserves such aid and help as we can give.

## DIRECT DISTANCE DIALING FOR WILMINGTON TELEPHONES DUE JULY 17TH.

Direct Distance Dialing, by  
which means Wilmington tele-  
phone subscribers may dial any  
telephone from their own home,  
will be a part of the service  
to Wilmington (Oliver) resi-  
dents on July 17th., if the  
current plans of the New Eng-  
land Telephone & Telegraph

Company proceed as planned.

The Wilmington (Oliver) ex-  
change will be the only one in  
the Lowell service area to get  
the service on July 17th.

Other exchanges in the Lowell  
area are scheduled to have  
Direct Distance Dialing some-  
time next November.

The new service is scheduled  
to go into effect at 12:01 am  
July 17th.

And then, of course, there's Adlai.

## NEW SIGN LIST TO BE GIVEN TO TM

Town Manager Cecil O. Lan-  
caster is shortly to be given  
a list of streets for which  
new street-name signs will be  
needed.

The Town Manager ordered 200  
signs the day after the Town  
Meeting, because of a sched-  
uled increase in prices, and  
has been waiting for the names  
of the streets to be on the  
signs.

Raymond Fitzmaurice, Secre-  
tary of the Planning Board has  
prepared a list of 91 names  
that he thinks needs attention  
- most of them being for the  
streets recently renamed. The  
list is now in the hands of  
the Town Engineer, for review,  
and for a physical survey, in  
which other names will be ad-  
ded.

## BOY SCOUT PAPER DRIVE

On Saturday, April 9, Boy  
Scout Troop 59 of the Metho-  
dist Church will hold its an-  
nual paper drive. These drives  
are the main source of funds  
for the troop. The money is  
used to purchase camping equip-  
ment and other items necessary  
for training and recreation.  
If you have papers, magazines  
or books, please call the fol-  
lowing numbers at any time:  
Arthur Milley, OL 8-8725; John  
Balch, 8-2113; Bill Dayton, 8-  
2583 and A. Ingram, 8-4416.

## VOTING LIST IS 17 SHORT OF 5000

The official list of voters  
in Wilmington reached the num-  
ber of 4983 on March 25th., at  
which time the lists were  
closed for 31 days, until the  
Presidential Primaries.

## TOWN NOTES

### Three Inches

February, as we all know, was  
like May, and March was like  
January, but it seems that A-  
pril is just going to be like  
April.

We had a total of 2.72 inches  
of rain in March, so that the  
March floods did not appear,  
and it seemed as though we  
would have dry brook and river  
banks for our spring fishing.

But such is not the case now.  
We had 1.18 inches of rain on  
March 30th and 31st, and since  
then we have had 1.82 inches.

The Hundred Acre Meadow, be-  
low Woburn Street, is now at  
its highest for nearly a year.

### A New Wrinkle

Everyone now knows that Chief  
of Police once checked on a-  
bout 30 cars parked on Church  
Street, for all day, with the  
owners presumably being B&M  
patrons. He found that 27 of  
the 30 cars came from Tewks-  
bury - Lowell, and places be-  
yond.

We have an addition to that  
story, told to us by a gentle-  
man who works in Boston.

It seems that four other men  
who work in the same office  
drive their cars to Wilmington  
each morning, park three of  
the cars, and drive in in the  
fourth, so that the B&M does  
not get anything out of it  
either.

And we'll bet they are among  
the leaders to protest when  
the B&M proposes a cut in ser-  
vice.

### Town Owned Land

Don't say we told you, but  
Principal Assessor Stanley  
Webber has discovered an error  
in the 1955 Re-Valuation and  
Assessment Program.

The program discovered some  
dozen or two lots of land that  
were not being assessed, to  
the eventual profit of our  
taxpayers, and everyone was of  
the opinion that every bit of  
land in Wilmington was listed.

But one piece was overlooked,  
as Stanley has discovered -  
a piece of town owned land in  
North Wilmington, part of the  
watershed.

The town of course did not  
lose any taxes on its own pro-  
perty, but now we can say that  
the program was not 100% com-  
plete - just in case we feel  
like it, some dark and dreary  
morning.

### Whose Ham?

Little Douglas Buck, three  
year old son of the late Dr.  
Dudley Buck has presented  
Sprucewood Road, in No. Wil-  
mington, with a problem.

Douglas, who is three years  
old, found a three pound ham,  
in good condition, last week,  
and wandered around the neigh-  
borhood, happily playing with  
it, until one of the neighbors  
rescued it.

Now the neighbors can't find  
the owner. No one has claimed  
the ham, and it is still sit-  
ting in the refrigerator,  
waiting for a claimant.

### Canoeists

Last year we carried a story  
about Jackie Bowen, of Main St  
and Dick Allard of Glen Road,  
and how they made the first  
trip down the Ipswich River in  
perhaps 30 years.

Now we are told, Dick has  
bought an aluminum canoe, and  
the trip is to be repeated  
this year, with two canoes.

If the rains keep up they  
will be able to do it cross  
country.

### False Rumor

With all the how-do in Middle  
sex County about Juveniles,  
etc., a rumor can quickly gain  
credence if a couple of young  
men are supposed to be in-  
volved.

Such a rumor was traveling  
around town Tuesday - one boy  
was supposed to have severely  
beaten up another, down in the  
Federal Gardens.

Wilmington Police say there  
is nothing to the rumor.

### One Sign Too Many

Members of our Planning Board  
as is well known in Wilmington  
are hot on the trail of ille-  
gal signs, in this fair town.

Last week one of these gen-  
tlemen, driving up Lowell St.  
from Reading, spotted a new

(cont Pg 3)

**Town Notes**  
(fr Pg 2)

sign near John Elia's Busy Corner - a 'sandwich' type sign.

He called up the TM pronto, and relayed the info.

Because the sign was on the edge of the highway it became a police problem, and the TM referred the case to the gendarmes, and a couple of days later the gendarmes appeared at John's store, ready to do their duty.

But - meanwhile, someone had told John that the sign was illegal, and he, not wishing in any way to offend had taken it down.

When the gendarmes arrived the only sign standing was one

(cont Pg 7)

**PARK STREET ACRES ASS'N MEETS FRIDAY NIGHT**

The Park Street Acres Association is to meet, Friday at 8 pm at the Youth Canteen on Salem Street. A full agenda has been planned for the business meeting, after which there will be a social meeting with refreshments.

**PLANNING BOARD APPEALS TO BREWERY ABOUT SIGN**

A letter has been written by the Planning Board to the president of a certain brewery appealing to him to have a sign in Wilmington removed.

The sign was erected last summer, and subsequently legalized by the Board of Appeals, on the grounds of hardship. Among those who appeared in favor of the sign was a member of the Board of Selectmen.

Saying that they consider the sign to be 'the worst in Wilmington' the Planning Board has appealed directly to the president of the brewery involved to have the sign removed.

**RUTH HOWELL JOINS WAAFS**

Miss Ruth Howell, daughter of Mr. & Mrs. William D. Howell, 259 Shawsheen Ave. left March 28th for Lackland Air Force Base where she will spend her basic training with the WAAFS.

Ruth graduated from WHS in 1957 and was one of the outstanding girl athletes. From graduation until her departure for Lackland she has been employed by the Transiron Co in Wakefield.

## A Big Lift To Shopping

### THAT'S WHAT YOU GET AT THE NEW WOBURN PLAZA STAR MARKET

Shopping's a breeze at the new Woburn Star. For in addition to the wide variety of items you may choose from in every department, Star offers a host of service features.

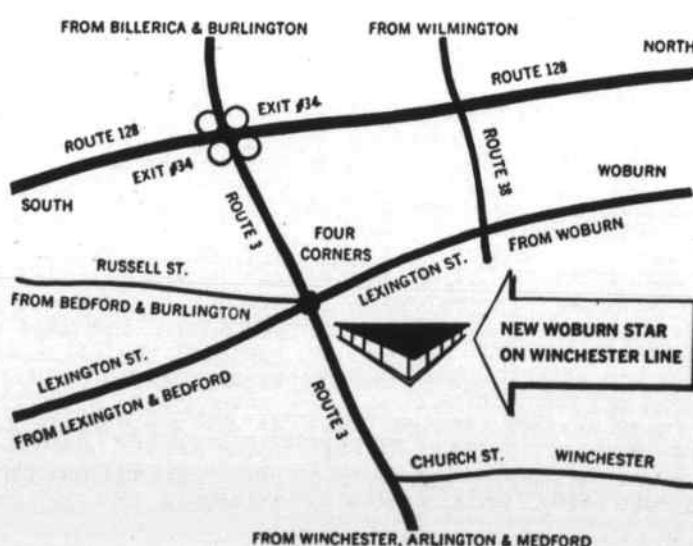

Heading the list is the bundle pick-up system... you never have to load your groceries into your car. A courteous attendant does it for you. (So mindful of good service is Star that it wishes it could place another attendant at your home to carry your bundles from your garage to your kitchen!)

While this pick-up service is the most famous of Star features it is by no means the only one. At each of the nine fast check-out stations, you'll find attendants to help you unload your cart. And if you bought more than you brought cash to pay for — a common occurrence at Star — there's a free check cashing service. Handy? Dandy!

The new Woburn Plaza Star has ample parking space for hundreds of cars. It keeps convenient hours too — open daily from nine to nine.

If you haven't visited this exciting new market, plan to soon. Then you'll know why...

*You'll eat better by far if you shop at Star*

## AT THE HIGH SCHOOL SCIENCE FAIR

### FIRST PRIZE WINNER

John Tobey, and his device to extract heat from the sun, which won first prize. He is explaining it to Pamela Phillips.

### SECOND PRIZE WINNER

Peter Neilson, with photographs and exhibit of the radishes he grew on a home made centrifuge, to test the effect of excess gravity on growing plants.

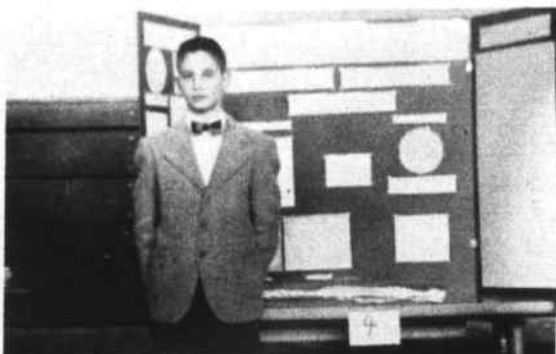

### SCIENCE FAIR USHERS

Students who volunteered to be ushers at the Science Fair were (l to r) Kathleen Pushee, Marilyn Olson, Marjorie Haines, Katrine Keough, and Noreen Canalas (rear) Joseph Fleming, Richard Silverman, Betty MacDonald and Harty Norris.

### TOPOLOGIST

Jon Meads, just barely visible, kept the Judges entranced with his explanations of the geometry of things which are ungeometric. Listening are Judges Miss Dorothy Woodhams of Tewksbury High School and Mrs. Gardner Norton and Jack Silvers of Avco. Jon won fifth prize.

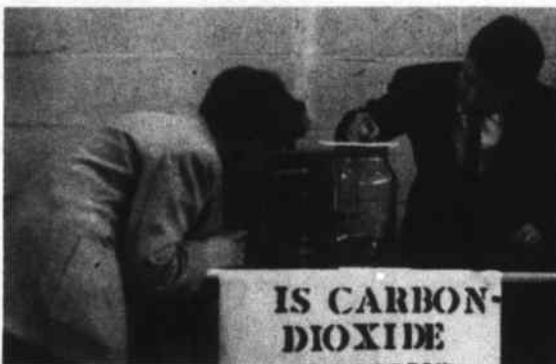

### A LOT OF WORK FOR A 7TH GRADER

Frank Ingram of Wing Road, a 7th grade student, with his elaborately prepared discussion of the canals on Mars. He won an honorable mention.

### VOLCANO

Carolyn Ruggerio of Andover St., an eighth grader, with finger on lip, waits for action by her volcano, after she had poured a few choice chemicals into the crater.

### CARBON DIOXIDE STUDY

Robert Norris, of Kelley Road, an eighth grader, exhibits his study of carbon dioxide to Norman Norton, in grey suit, Norris won an honorable mention.

### THE VALUE OF HONEY

Eleanor Kemp stands by while her exhibit on the nutritional value of honey is admired by Miss Elene Fareello, Head of the High School Science Department.

### WHAT IS IT?

Dorothy Widger, of Fairview Avenue, a sophomore, exhibited some material she had found in New Hampshire. The wood was oddly colored and Dorothy had done intensive chemical analysis to discover the cause of the color.

### INTERVIEWED BY JUDGES

Frank Gracyk of Grove Ave., a sophomore, with Judges Fred Sullivan of Middlesex Ave., and Victor Miselis of Federal St. Frank won an honorable mention for his study of the effects of food coloring on mice.

### PRIZE WINNERS AT SCIENCE FAIR

John Tobey, son of Mr and Mrs John Tobey, of Salem Street, a Senior in Wilmington High School was awarded First Prize for his exhibit of Solar Heating and Electricity.

Peter Neilson, son of Capt. and Mrs Larz Neilson of High Street, a Junior, was awarded second prize, for his 'Growing

Plants under Extra Gravitational Conditions'. He was also awarded the Middlesex East Medical Association Auxiliary prize for the best Biology Exhibit. The prize was a \$25 Savings Bond. Roger Luken, a senior, son of Mr and Mrs Francis B. Luken, North Street, was awarded 3rd prize, for his One Meter Radio Telescope.

Miss Nancy Allen, a sophomore the daughter of Mr and Mrs Donald Allen was awarded fourth prize for her Development of Baby Chicks.

Fifth Prize went to Jon Meads a junior, son of Mr and Mrs. John Meads, 149 Main Street, for his exhibit of Topology.

All five prize winners will exhibit this Saturday, in the Lowell Technological Institute

#### STATE SCHOLARSHIP APPLICATIONS AVAILABLE APRIL 15TH

Governor Furcolo has announced that state scholarship applications will be sent to all secondary schools and accredited colleges in Massachusetts by April 15th.

Students interested in obtaining award applications should contact high school guidance counsellors. Freshman applicants must have taken College Board Examinations and must have been accepted by the college of their choice.

In order to be considered, award applications must reach the scholarship boards prior to June 1st.

#### LITTLE LEAGUE MANAGERS NAMED FOR 1960 SEASON

All the Major League managers of the Wilmington Little League have been renamed to the same positions in 1960.

Tony Toti, manager of the defending champion Avco Yankees, will be joined by Ralph Garland Sr. Ed Sullivan and Walter Currier will direct the Chisholm Indians; Bill Ingram and Joe Tennihan Sr will head the Cain Red Sox and Carl Marcy will lead the Unit Packet Tigers.

It is hoped the season will get underway early in May. Details will be announced later.

Additional help is always welcomed by the Little League officials, and there is a need for men who can help out in coaching positions, umpires, etc. President Bob Hastings asks that anyone who wants to help get in touch with him.

#### JAYCEES DRAFT PLANS FOR ENERGETIC CAMPAIGN

Plans for a tremendous reorganization and membership drive were recently announced by Peter Lepore, President of the Wilmington Junior Chamber of Commerce. In making this announcement, Mr. Lepore pointed out that the primary objective of the Junior Chamber of Commerce is leadership training and that the organization is open to all men of good character between the ages of twenty-one to thirty-five.

Also announced was the appointment of Kevin C Gallimore Director, to the position of Membership Chairman. Mr. Gallimore, in accepting the position, called attention to the fact that in line with Jaycee principles of leadership training the present slate of officers is not eligible for reelection to their present positions. Therefore, many of the present executive committee positions will be filled in the Spring elections by the 'new Blood' joining the organization during the current membership drive. 'We feel,' said Mr. Gallimore, 'that the opportunities available for the young men of Wilmington to gain practical experience in administrative procedures, financing, public relation, human relations and leadership through membership in the Jaycees are virtually unlimited.'

Other Jaycees serving on the committee are Dick Sawyer, Secretary of the organization, and Mass. State Vice President Robert E. Seeley an employee of Avco Corporation.

Anyone desiring information concerning the Jaycees may contact Mr. Gallimore at OL 8-8758

#### CONGREGATIONAL CHURCH

The sacrament of Baptism will be administered to infants at the 11:00 a.m. worship service on Palm Sunday. Parents desiring Baptism may still phone the Church office, or the parsonage as late as Saturday afternoon with necessary information for a Baptismal certificate. A section of the sanctuary will be reserved for those parents with infants.

Kenneth G. Kelley, organist and choir master will direct the choir in a special Palm Sunday musical program. Mr. Kelley will present 'Christ's Entry in Jerusalem' by Malling as his organ prelude and 'Hosannah' by Dubois as the postlude. An anthem by Teschner-Cain will be sung by the choir and the Rev. Robert E. Sanders will preach another in his Lenten series of sermons.

Church School sessions take place at 9:30 and 10:50 a.m.

Parishioners who have been members of another church before, and would like to unite with our church on Easter Sunday by transfer of letter are reminded that it is not necessary to have your church letter in hand by Easter. Simply call the church office by Friday, Apr. 16, let us know you plan to come into membership on Easter and we will send for your letter.

Special Holy Week services, sponsored by the Wilmington Council of Churches will be held as follows: On Wednesday

Mr. Sanders will preach at the Baptist Church and our choir will provide the music. Maundy Thursday - Communion service at the Wilmington Methodist church conducted by Dr. Johnson, interim Baptist minister, with Baptist choir singing. Good Friday - worship service in Congregational Church with Rev. Richard Harding of Methodist church preaching and their choir singing.

The Rev. Arthur Morley, pastor of Trinity Congregational Church in Lawrence will be the speaker at a meeting of the 'Congregational Men' scheduled for 7:00 p.m., Apr. 21st. Mr. Morley has organized and directed special youth activities including several championship Boston basketball teams, and was one of the heroes of the Coconut Grove fire. Smoke inhalation injured his speaking voice so severely he was forced to go to Arizona for his health. He has served as Minister of Education at the Old South Union Church in Weymouth and was called to the Lawrence church in 1958.

'An Evening Abroad' presented by Priscilla Darling and sponsored by the East Branch, will be held in the Parish House on April 19th at 8:00 p.m. Miss Darling, daughter of Mr. & Mrs. Ralph G. Babcock, Woburn St., was a foreign exchange teacher and has compiled an informative and colorful film account of her European travels. Refreshments will be served.

A Troop No 56 sponsored paper drive will take place on April 30th. The Scouts remind residents that this drive will include magazines. Call Herbert Higley, OL 8-3679 for pick up.

#### SCUBA URCHINS TO HEAR NOTED ICHTHYOLOGIST

Dr. Carleton Ray, Assistant Director of the New York Aquarium will speak, on April 30th, in the Barrows Auditorium, and show movies on underwater life, which he has taken in the Bahamas and Alaska.

The noted lecturer and ichthyologist will present his program for the Scuba Urchins of Wilmington. He is the author of the Underwater Guide to Marine Life, and has published a collection of scientific articles under the title of Adventures with Underwater Life.

#### PLANNING BOARD INTERVIEWING

##### CONSULTANTS FOR ZONING

The Wilmington Planning Board Tuesday evening interviewed representatives of two firms, with view to employment as consultants for a study and review of the Zoning By Law and Map.

Interviewed were Charles Downs of Bedford, and Andrew Bell, representing Economic ReDevelopment Associates of Boston.

**SENIOR CITIZENS ENJOY MUSICAL EVENING**

'And the night was filled with music' - Tuesday night, that is, - April 5th. The locale, - Deming Way. In the community building of the Housing for the Elderly, the 'Plainsmen', a musical group from Tewksbury delighted our senior citizens with a program of old and new songs. Favorite hymns were played at the conclusion of the program and many an elderly voice sang out loud and true!

Refreshments were provided by the wives and friends of the entertainers.

**THE SEVEN COLE SISTERS**

Actually there were six, because one of them died in infancy, but the recent death of Mrs. Jessie Carter brings to mind of the old-timers of Wilmington the days when the Cole girls were young.

They were the daughters of Samuel F. Cole and Mary E. Carter, and the family lived from the time of the Spanish American War until it burned in the spring of 1909 in the old Nathan Scales house, on Glen Road.

The Nathan Scales house dated from 1741, when Glen Road was first laid out. The road went between the house and the barn and until a few years ago the stones in the barn cellar could be clearly seen, near the Wildcat Railroad crossing. Some of the stones are still there, but they are practically indistinguishable today from the gravel bank.

The Nathan Scales house burned in early 1909, but a piece of it remains in the Massachusetts Historical Society - a piece of glass from the front door, on which is scratched:

'Aug. 2d, 1769. The infamous Governor left our town,' referring to a visit it is supposed by Governor Bernard and his attempt to arrest some people for constructive treason.

Sam Cole, who bought this

house, worked in Harriman's tannery, and when the house burned in 1909 he built the house where Thomas C. Davis now lives, just a little more up the hill. The cellar of the old house is still in the field, beside the railroad track, with elm trees growing out of it.

Mrs. Winifred Rice, of State Street, and Mrs. Carl Connor, of Middlesex Avenue are two of the Cole girls who still live in town.

**AVCO MEN TO PRESENT TECHNICAL PAPERS TO DALLAS GROUP**

Five Avco men have accepted invitations to deliver technical papers at the Southwestern Metal Congress, May 9-13 in Dallas, Texas.

C.L. Rosen, 13 Sylvia Rd., No Reading, Senior Scientist; A. A. Hasapis, 26 Annis St., No. Andover, Engineering Aide and J. W. Wholley, Jr., 29 Foster St., Everett, Development Laboratory Technician, will discuss 'Thermodynamic and Physical Properties of Refractory Materials' on May 11.

H.W. Wyatt, 11 Selfridge Rd., Reading, Group Leader of Physical Testing, will speak on 'Brazed Honeycomb Structures for High Temperatures' engendered by aircraft and E. Scala 20 Oak St., Reading, Manager of Materials Department, will be heard on 'Composite Materials for Thermal Protection'.

Clarence Melanson, 17 Revere Rd., Tewksbury, Quality Control Planner at Avco took part in a recent institute at the University of Wisconsin.

**NOT A MOVIE US MARSHALL**

Members of the Lake Side Boys Club, Tuesday evening listened to Mike Barry, former Silver Lake resident, now of Dorchester, describe the work of the US Marshall and Deputies, in Boston. Mike is a Deputy US Marshall, and spoke on treatment of drug addicts, and methods of handling criminals.

Listening to Mike are Hallory Burbee, Vice President; Jackie Bowen, President; Dickie Alford, Secretary, and Johnny Robbins, Treasurer.

**A CLUB OF LITTLE GENTLEMEN**

The Lake Side Boys Club, in the Silver Lake district, is a club of boys who are among the finest gentlemen in Wilmington. Organized last winter by Almg Williams, there is now 42 members in the club.

Among the rules of deportment are: Each boy must attend his church every Sunday; Suits, with neckties, must be worn at the regular Tuesday meetings in the Silver Lake Betterment Association, no 'D.A.' haircuts, and no 'Garrison' belts.

was a sign. They told John to take it down.  
John, ever anxious to please, did.  
**Chicks and Analoges**  
Nancy Allen's exhibition of the Development of Chickens in the Science Fair, last Saturday provided a little excitement for her friends.  
Every now and then a chick would peck its way out its shell, to the oohs and aahs of Nancy's friends, and, it might be added, to their immense satisfaction.  
Norman Norton, the Boy Scientist of the Eighth Grade had a different type of experience. Norman had put in a lot of work in the construction of an electrical analogue computer, but sometimes, to his immense disgust, it just didn't work. Sort of like adding up two and two, and coming up with the number five.

**Topologist**  
By far the most sophisticated exhibit at the High School Science Fair last Saturday was that of Jon Meads, son of Mr. and Mrs. Anthony Meads of 149 Main Street.  
Jon has the type of mentality that leads him to adventures with the unknown - sometimes foolish sophomore adventures, and sometimes adventures that can be appreciated only by the esoteric.

While the rest of the High School students experimented with the prosaic problems of modern day science Jon went back over 2000 years in history, to take up a problem where Archimedes left off. Jon did not advance the problem any further than had the great savant, but he had a lot of fun, and fascinated listeners stood by his exhibit for half an hour at a stretch while Jon discussed the problems of Topology.  
And the learned judges were impressed enough to award him the fifth prize, not a great distinction, but at least worthy of note.

Topology is the science of describing things that cannot be described by geometry, using geometric terms. It is really more fun than science, especially the way Jon does it. Take a one inch wide strip of paper, eight or ten inches long. Paste the two ends together, but before you do put a 'one-half' turn in the paper. Now put your finger on one side of that paper, and trace it along. If you have put an 'x' where you started, you will find that eventually you arrive back at the 'x', without having had to lift your finger.

Instead of having two sides, that piece of paper has but one side. That sounds impossible, but it is a fact.  
Now split the ring into two rings, by cutting the paper lengthwise, with a pair of scissors.

And try cutting it into three parts, while you are at it, or make the paper wider before you start, and cut the subsequent parts into more parts yet.

You'll be fascinated, especially if you have a mind like that of Jon Meads, and you'll be able to understand why people stood and listened to him for half an hour at a time.

**Fishing**  
We have arrived at that time of the year where we may expect to see a truck loaded with trout pull up to some stream, and see thousands of the finny tribe dumped in.  
So far all we know of in this line are Horn Pond and Walden Pond, both of which have had 4500 trout 1 pound or over stocked, so far this year.

We are told that 75% of the hatchery crop this year is to go into the streams of Massachusetts, and less than 25% in to lakes and ponds.

Modern science propagates our fish by scientific methods to put them into streams where they cannot survive, but will be caught by our artificial sportsman of today, using rods of artificial materials, and flies or other lures that resemble nothing that ever lived. And the strange thing is that we enjoy it.

**READ CLASSIFIED FOR RESULTS**

### MRS JESSIE MAY CARTER

Funeral Services for Mrs. Jessie May Carter, widow of the late Arnold Carter were held in the Nichols Funeral Home last Saturday, with the Rev Richard Harding officiating and burial was in the family lot in Wildwood Cemetery. Mrs. Carter had died on March 30th., at the age of 76. She was one of seven daughters of Samuel F. Cole and Mary E. Carter, all of whom were born in Wilmington, and had married Arnold Carter, also of an old Wilmington family. There were two children, Mrs. Olive Sheldon, an Assessor of Wilmington, and Kenneth Carter, now of Brookline, and five grandchildren. The Nichols Funeral Home was in charge of arrangements.

### NEAL BYAM IN FORMOSA

Marine Pfc. Neal M. Byam, son of Mrs. Ruth L. Byam of 19 Burlington Ave. took part in a huge amphibious landing exercise, Mar. 22, on Formosa's southern coast with units of the Okinawa-based Third Marine Division. Purpose of the operation was to promote closer relations between U.S. and Republic of China forces in practicing the conventional type amphibious landings.

### HELEN DELISLE CONVALESCING IN WOBURN HOSPITAL

Helen Delisle of 15 Belmont Ave. is convalescing at the Choate Memorial Hospital in Woburn and expected home in a few days.

### BEVERLY SIDELINKER TO MARRY ROGER TROW APRIL 10TH

Miss Beverly Ann Sidelinker, daughter of Police Sgt. and Mrs. Talbot Sidelinker, will become the bride of Roger Trow, son of Mr. & Mrs. Kenneth Trow of Nichols St. at an afternoon ceremony on Sunday, April 10th.

### ANN SHERRIN ENGAGED

Mr and Mrs Warren J. Sheerin of 16 Gunderson Road have announced the engagement of their daughter Ann to Pvt. Ernest G. Woodside, US Army, son of Mr and Mrs Ernest Woodside, 122 Aldrich Road. A May wedding is planned, and the couple will live in Virginia.
